Economy Introduction

Welcome to the Economy for VereTech, because this is a premium feature please allow us to extent our gratitude and say thank you for signing up to the project.

With the Economy you have the ability to hold a store within your Discord for all of your players to use.

Abilities from allowing daily or weekly claimable kits, to selling weapons, resources, ammo, literally anything - You even have the power to have a secret hidden store for VIPs which only VIP members will have the ability to view.

There are a number of ways you can have players earning that all important currency which you set, from earning through PvP & PvE kills, Claiming in-Discord events and ever our own Bandit Spin Wheel! As seen in Bandit Camp in-game!

All sales within the store have the ability to be instantly delivered or even have a delay of your choice!
